## Participation confirmation

**For research project:**

**Experimenting with Geopolymers: Material Specific Evaluation for Ceramic Practices**

Project funded by the Research Council of Finland between 2026 and 2029. Funding decision number 368002.

I have understood that participation is voluntary and at any point in the research study, I am at liberty to notify that I no longer wish to participate in the study, but all the information gathered up until that point can be used as described in the privacy notice of the research study.

The premise is that all data will be pseudonymised before analysis. In cases where the creative work of the creative practitioner should be credited, you have the right to decide if you are willing to be credited when referring to your work.*

I have received sufficient information about the research study, I have had the possibility to have my questions answered, I have understood the information, and I wish to participate in the research study.

_____

Signature, name of research participant and date
(Choosing to participate can also be expressed electronically)

In addition to participating in this research project, I consent to images being taken during the interview and to the use of these images for research purposes within the project.

Yes / No

*I consent that this interview data can be openly discussed including my name and studio/work details, for the project's research purposes. Yes / No
